

WTUA – Severn Valley Railway Trip from Wirral on 7th Sept

The Wirral Transport Users Association has organised a train excursion on the Severn Valley Railway on Sat 7th Sept 2024. A coach will take us from various Wirral pickup points (listed below) to the SVR terminus at Bridgnorth, with a toilet stop near Shrewsbury. We will get the 12:05pm steam-hauled train to the Kidderminster terminus for 1:15 and after an hour there will return back on the train to Bridgnorth to arrive around 3:30. If it is a nice day, you may prefer to alight at pretty Bewdley instead of staying on as far as Kidderminster, then reboard at Bewdley to return back to Bridgnorth. The schedule should allow about 1½ hrs to explore Bridgnorth after the train ride – the town has a street market, cliff lift, museum and river park. Birkenhead return at about 7:30. Please note- as with any heritage railway, circumstances may occur which require the steam-haulage to be replaced by diesel-haulage.

For details of some of our previous trips, see: www.wirraltua.org.uk/trips.html

The price for both the coach and the train travel is £49 per person and is payable in full with the completed application form. We are NOT restricting the trip to members only- you are welcome to bring friends. We need to know numbers by 15th August, so please try and send in your application by then - late applications may be accepted subject to coach space availability. Any cancellations must be notified by 15th August for a refund.

Any questions, please ring Brian Grey on 0151 648 3070 or write to him at 56 Coombe Road, Irby, Wirral, CH61 4US.

NOTE- On receipt of your application, a confirmation document/email will be sent to you which will give more detailed locations information. If you do not receive it by 1st Sept, please phone Brian.

You might like to copy your chosen pickup time and location to this box to remind you of your choice after you have sent off the form section:
